TRANS-MISSISSIPPI CONGRESS RE-
FUSES HIM TIME TO PRESENT
RESOLUTION

Denver, Aug. 19.—Despite the ef-
forts of the leaders to prevent the
Pinchot-Ballinger controversy com-
ing before the Trans-Mississippi con-
gress former U. S. Senator Thomas
M. Patterson, of Colorado, today at-
tacked Pinchot in a resolution de-
manding that the president definitely
fix the boundaries of forest reserves,
throwing back for entry those lands
not timbered but arable.

Senator Patterson asked twenty
minutes' additional time to present his
resolution, which was denied him, the
congress taking no action on the re-
solution. Senator Patterson stated in
his resolution that a board of inquiry,
composed of Pinchot and four others,
had already reported that the bound-
aries of many reserves were not de-
finite and in many places included
grazing areas.

GERMAN EMPEROR TO SEE ORVILLE WRIGHT FLY

Berlin, Aug. 19.—Orville Wright,
accompanied by his sister, Miss Kath-
erine Wright, have arrived in Berlin
where Wright is now preparing to
make public flights. If able to put
his machines in readiness by the end
of the month a flight will be wit-
nessed by Emperor William who is com-
ing here at that time to meet Count
Zeppelin, whose airship is expected
to sail from Friedrichshafen to Berlin
at that time.

JOHNSON MUST MEET STANLEY KETCHEL FIRST

New York, Aug. 19.—Jack Johnson's
statement that he has already de-
posited \$5,000 to bind a match with
Jeffries, is denied by the sporting edi-
tor named by Johnson as the holder
of the money. He says Johnson de-
posited \$5,000 with him for a match
with the man first covering this
amount, which was done by Willis

Britt in behalf of Stanley Ketchell
and that \$10,000 is now in the hands
of the stakeholders of the Johnson
Ketchell fight, which is to take place
in October.

LATE RETURNS SHOW HENEY WON NOMINATION

San Francisco, Aug. 19.—With but
four precincts to be heard from, the
nomination of Francis J. Heney, spe-
cial prosecutor in the graft cases in
this city, as democratic candidate for
district attorney, is virtually con-
ceded.

It is estimated that Heney will de-
feat his only rival, Charles Fickert,
republican, and union labor candidate
by 150 votes when the official count is
in. First figures indicated that Fickert
had obtained the nominations of
all three parties at the direct primar-
ies, although his name appeared only
on the republican ticket.

No candidate was named by the
democrats or union laborites and the
names of Heney and Fickert were
written by the voters.

Final returns give Heney the dem-
ocratic nomination for district attor-
ney by a majority of 124 votes.

MRS. WHITEFLEET IS COMMITTED TO ASYLUM

Following a hearing this morning
Mrs. Alice V. Whitefleet, who has
been living in this city, was com-
mitted to the asylum for the insane
northwest of the city. The witness
in the case were the unfortunate wo-
man's two daughters, Mrs. Lydia J.
Moorehouse and Mrs. Dora Hackett,
and Dr. E. B. Shaw, the medical exam-
iner. Mrs. Whitefleet was an inmate
of the asylum once before and was re-
leased but a short time ago. A re-
currence of her old trouble aroused
the fear that she might either harm
herself or some one else, and it was
thought best to place her in an insti-
tution where she could receive treat-
ment, which it is hoped will result in
her complete recovery in time.

PROSPECTS ARE EXCELLENT FOR RE-OPENING MONTEZUMA HOTEL

The prospects for the re-opening at
an early date of the magnificent Mon-
tezuma hotel at hot springs are ex-
cellent and if plans now on foot work
out satisfactorily, this famous hotel-
ry will be running full blast again
by fall and the hot springs will re-
gain their old-time popularity as both
a pleasure and health resort.

Although everything connected with
the re-opening of this hotel has been
conducted with the utmost secrecy,
The Optic has managed to get on the
inside of the deal enough to know
that negotiations have been entered
into for the leasing of the hotel from
the Santa Fe Railway company, the
present owners.

The first of this week, in addition
to James Abbott, of Denver, who vis-
ited the hot springs to inspect the
hotel and surroundings, H. M. Bowen,
another representative of eastern
capitalists, also made a trip to the
hot springs for a similar purpose.

Mr. Bowen was accompanied by his
wife, and they spent one whole af-
ternoon at the springs, being shown
about the hotel and grounds by Wil-
liam Praeger, who has been custodian
of this valuable property for the rail-
way company for several years,
scarcely leaving the resort long
enough to come down to the city.

Mr. Bowen stated while in the city
that he had already succeeded in in-
teresting Chicago and New York cap-
italists in the big hotel up the canyon,
and that a deal would likely be con-
summated at an early date, provided
the Santa Fe railway company did
not want too much for the hotel and
grounds, which at one time were the
most extensive and attractive in the
whole southwest and which even to-
day with a little improvement, would
assume their old-time beauty.

Associated with Mr. Bowen in the
project to re-open the Montezuma ho-

the striking necktie makers attempt-
ed to call out the employees of a firm
at 13th and Broadway, the fight start-

part. Scores were badly beaten and
the police were powerless to handle
the crowd. Several shots were fired.

LAND BUYERS ARRIVE ON A SPECIAL TRAIN

Because of the rush of homeseekers
to the southwest and especially to
Las Vegas, the Santa Fe found it ne-
cessary today to run train No. 1 in
two sections. The first section was
late, arriving at 3:30 o'clock, while
the second section, running as a spe-
cial, arrived at 3:45.

The second section was composed
of four special cars as follows: The
private cars "Marguerite" and "Mish-
awaka", carrying 48 prospective land
buyers, brought in by the Gaylor-Kier
Realty company; the private car
"Lola" of the United Land company,
in charge of Deacon Peiers and the
private car "Las Vegas" W. B. Mar-
tin, Jr., in charge. In all about 180
prospective dry farmers were in the
three parties.

One of the farmers was heard to re-
mark upon alighting from the train,
that it looked a little wet for dry
farming.

DISCUSS METHODS FOR REDUCING CRIMINAL CLASS

Seattle, Aug. 19.—"The Indiana"
plan of preventing the propagation of
confirmed criminals was heartily de-
fended today before the Prison Physi-
cians' association by Dr. Daniel Phel-
an. "Not only do I suggest the adop-
tion of energetic means to lessen the
number of existing criminals and de-
generates, but also the removal of the
remote sources of the evil. Immoral
books, plays and pictures cannot but
effect the young, especially those na-
turally of weak minds."

WELLMAN STARTS FOR NORTH POLE IN BALLOON

brought here by steamer from Ham-
merfest, Norway, Walter Wellman left

balloon in search of the north pole.

West Point, N. Y., Aug. 19.—By di-
rection of President Taft seven cadets
were today dismissed from the mili-
tary academy for being involved in the
hazing of Rolando Sutton, a brother
of Lieutenant James N. Sutton, whose
death has been recently under inves-
tigation. The cadets dismissed are:

RUSE RESORTED TO TO DRAW

NEITHER SOLDIERS OR NON-
UNION MEN DARE VENTURE
OUTSIDE IN DARKNESS

Pittsburg, Aug. 19.—Mounted and
using riot clubs, the state constab-
ulary today were keeping the strikers
on the move in the strike zone of the
Pressed Steel Car company's plant at
McKee's Rocks. It is estimated 500
shots were fired by strikers last night
at the plant from the O'Donovan
bridge, but during the firing the po-
lice kept within the plant. The strike
leaders explain the shooting of last
night by saying a number of work-
men were detained within the plant
against their will and the shooting
was for the purpose of drawing the
constabulary to the bridge that the
men inside the stockade might escape.

Shortly after noon today the strik-
ers fired hundreds of shots at the
steamer P. M. Pfeil, which carried
fifty strikebreakers across the river.
Thousands of strikers lined the banks
of the river to prevent their landing
but they were dispersed by the con-
stabulary, which escorted the new
men to the plant.

COWBOYS CONTESTING FOR WORLD'S CHAMPIONSHIP

Cheyenne, Wyo., Aug. 19.—Prelimi-
nary contests in the world's champion-
ship bronco busting and steer roping
contests were held at the Frontier day
celebration here yesterday afternoon.
Seven men rode in the bronco busting
contest, of whom Clayton Danks, ex-
champion of the world, and Verlie St.
Clair, made the best showing. The
time in the roping contest was slow,
the best time being made by Nick
Marr, who tied a steer in 45 2-5 sec-
onds. The feature of the day's sports
was the trick riding by Troop A,
Ninth U. S. cavalry from Ft. Russell,
Wyo. The wild horse race was won
by Mose Reeder, of Cheyenne, and the
bronco busting exhibition by Mrs.
Goldie St. Clair, the woman champion.

ALLEGED HORSE THIEF IS TAKEN IN TOW

Silver City, N. M., Aug. 19.—After
having evaded the minions of the law
for over three months, Jose Tudor
was arrested and brought to this city
where he is being held on the charge
of horse stealing.

Last May seven head of horses
were stolen from the ranch of the
Hatchett Cattle company, about twenty
miles south of Hatchita. The stolen
stock was finally traced to Guy-
mon, Oklahoma, where the same had
been disposed of. Tudor was sus-
pected of being implicated in the af-

fair, and as he was known to be stay-
ing just across the border in Mexico
for the past sixty days, a close watch
was kept of his movements.

Sheriff Don Johnson of Luna county
was instrumental in getting Tudor
across the river into this country
again, when he was immediately
placed under arrest and Sheriff Mc-
Grath notified. McGrath immediately
went after the prisoner and arrived
here with the man in custody.

Tudor was given a preliminary
hearing before Judge Newcomb and
as a result thereof was bound over in
the sum of \$3,000 to await the action
of the grand jury.

IMPROVEMENT IN TRAIN SERVICE ON SANTA FE

During the past twenty-four hours
train service on the Santa Fe, which
has been badly demoralized for the
past three days, has improved con-
siderably, and within another day
trains are expected to be running on
schedule again.

Today's trains from the east were on
time, with the exception of No. 1 this
afternoon, which was delayed an hour
by a rush of travel, necessitating it
being run in two sections. This even-
ing's trains from the east were mark-
ed up on time.

Today's No. 10 was running on No.
2's time, hence did not arrive until
1:45, or over an hour late. No. 2 of
today is reported due at 6 o'clock this
evening. Tonight's limited and No. 8
tomorrow morning will be about on
time.

OFFERS \$1,000,000 BOND FOR RELEASE OF THAW

New York, Aug. 19.—According to
a story published here, Mrs. Mary
Copely Thaw, mother of Harry K.
Thaw, is willing to furnish a bond
of \$1,000,000 to secure her son's re-
lease from Matteawan asylum for the
criminal insane. It is said that Jus-
tice Isaac N. Mills when approached
on the subject by Thaw's sister, Miss
Alice Thaw, refused to consider the
proposition. However, it is said that
steps will be taken to bring about
his release under bond by the filing
of another habeas corpus writ.

DANGEROUS TO PLAY BALL IN HIGH COLLAR

San Francisco, Aug. 19.—A stiff,
high collar nearly cost Edward Late-
lier his life yesterday while playing
baseball. Running for a high fly, he
threw back his head to look for the
ball and the sharp edge of his high
collar severed an artery in his neck.
He almost died from loss of blood be-
fore he could be taken to an emer-
gency hospital and the flow stopped.

DISTRICT ATTORNEY SUING ROAD TAX DELINQUENTS

Following out The Optic's sugges-
tion made several weeks ago, the
district attorney has brought suit
against some of those persons who
have not yet paid their 1938 road
tax. It is understood five or six in-
dividuals have been sued, although
there are upwards of fifty persons on
the east side alone who are delin-
quent in the payment of this tax.

The Optic believes that this law
should be enforced, as should all
laws on the statute books, but at the
same time it thinks that if one man
is sued for his road tax of \$3 and
forced to foot the costs of the case,
amounting to \$10 or \$12, then every
delinquent should be sued at the same
time and all made to suffer the same
penalty. Discrimination in this re-
gard is grossly unjust. To sue a few
and thus scare the others into paying
and by this manner give them an op-

FATAL ACCIDENT AT OLD SET-

JON

GALLOPER FLIES TRACK

DASHES INTO CROWD OF TWO
THOUSAND PEOPLE, CAUS-
ING PANIC

MOTHER AND CHILD HURT

JOCKEY IS ALSO KNOCKED FROM
HIS SADDLE AND BADLY
INJURED

Tucumcari, N. M., Aug. 19.—Accord-
ing to a long distance telephone mes-
sage received from San Jon, a small
settlement thirty-five miles from here,
a fatal accident occurred there yes-
terday during the Old Settlers' re-
union.

The message stated that during a
horse race, a galloper known as "Old
Chance" became unmanageable, flew
the track and dashed into the crowd
that lined the race course. Mrs.
Thomas Bennett and her four-year-old
daughter, were trampled by the mad-
dened animal, both sustaining fatal
injuries.

The horse then ran through an ar-
bor nearby and the jockey, A. W.
Stroup, was knocked from the saddle,
he, too, sustaining what are believed
to be fatal injuries.

Two thousand people witnessed the
accident, which was followed by a
panic, in which women and children
were knocked down and stepped on.

SUTTONS CONTEMPLATE CONGRESSIONAL PROBE

Portland, Ore., Aug. 19.—James N.
Sutton, father of Lieutenant James N.
Sutton, when asked for an opinion on
the verdict of the naval court of in-
quiry into the death of his son, stated
that the result was not unexpected
and that he believed the verdict to be
a "white wash."

Mr. Sutton added:
"I realized when we entered upon
our efforts to secure a rehearing into
the death of my son, that we were
up against a stone wall. I believe
three important facts have been
brought out by the investigation, how-
ever; first, that they were unable
to prove my son a suicide; secondly,
that the investigation proved to be
a farce, and third, that the affairs
in the marine courts at Annapolis as
conducted, are in a deplorable con-
dition and should be investigated."
Mr. Sutton intimated that steps
probably would be taken toward se-
curing a congressional investigation.
